Day 1: Light

Genesis 1:3-5 (KJV)

Name _____ Date _____

3 And God said, Let there be light: and there was light.
4 And God saw the light, that it was good: and God divided the light from the darkness.
5 And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day.

In the beginning, the earth was dark. Then God spoke, and there was light! God saw that the light was good. He divided the light from the darkness. He called the light Day, and the darkness He called Night. Every morning when the sky grows bright, we can remember the very first day.

Nature fact

Light is the fastest thing there is. It travels about 186,000 miles every second. Sunlight takes about 8 minutes to reach Earth.

Go outside and look

Watch the sky at sunrise or sunset. What colors do you see? Then go outside at midday and find your shadow.

Talk about it

1. What did God make on Day 1?

2. What surprised you about the nature fact?
